

# Model JEU Self-priming jet

**EBARA** Fluid Handling

an EBARA International Corporation company

# Model JEU

### **Features**

- Close coupled design
- saves space; simplifies maintenance and installation
- Stainless steel liquid end components
  - high quality; corrosion resistance
- Versatile mounting
  - can be installed horizontally or vertically
- Back pullout construction
  - assembly and overhaul of the impeller and seal without disturbing suction and discharge connections
- Top centerline discharge and foot support under casing
  - ensures self-venting and reduces misalignment from pipe loads
- High operating efficiency
  - lowers operating costs
- High quality mechanical shaft seals and o-rings
  - available for standard pumping requirements or optional high temperature and chemical duty operation

## **Applications**

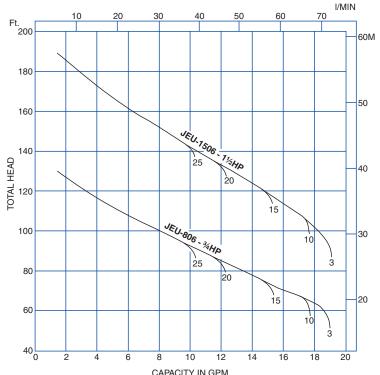

- · Plant services
- Water supply systems
- Aqueous cleaning
- · Bottle washing
- Cooling systems
- · Car wash
- Ultrapure water systems
- Jockey pump services
- Sprinkler/flow irrigation
- OEM equipment application
- Pressure boosting
- Liquid transfer
- Spray systems
- Water reclamation and treatment
- General pump applications

\*Note: NSF/ANSI 61 Annex G listed

#### JEU selection chart

60 Hz (synchronous speed: 3600 RPM)

Note: Figures in selection chart indicate suction lift (Ft.)
