

Flextool

PortaPump™

Four Stroke Lightweight PortaPump™

For Pumping Waste Water with Ease from Footings, Trenches, Pits and Foundations.

Portable Power

The PortaPump™ provides the solution to pumping waste water with an easy to use portable unit. There is no need for electricity supply or separate pump units. The Honda four-stroke motor provides hassle free operation and in comparison to a two-stroke motor uses less fuel, has reduced engine emissions and there's no need for mixed fuel.

Lightweight

The unit is light and balanced and is fitted with an adjustable handle and carry strap for user comfort and complete control.

Easy To Use

With a convenient on/off switch and throttle control built into the handle.

Quality Manufacture.

Flextool pumps are manufactured in Australia, the name you can trust.
