540 OR 1000 RPM

RAINBOW TRACTOR P.T.O. DRIVEN CENTRIFUGAL PUMPS

Rainbow's line of heavy duty Tractor P.T.O. driven centrifugal pumps are the result of over 30 years of pump experience. These tough and reliable pumps may be coupled quickly to a conventional 540 RPM tractor power take-off with a 1 3/8 inch, six-tooth spline, or 1000 RPM take-off with a 1 3/8 inch, 21-tooth spline.

The capabilities of these pumps range from 250 to 2100 GPM and from 90 to 180 PSI. Heavy Duty Steel frames in Category II and III - 3 point hitch or two wheel trailer with 4.80" x 12" tires, P.T.O. drive shaft, a heavy duty gearbox with expansion chamber, and a mechanical shaft seal. The Gear Box is rated for up to 175 HP load available in 540 or 1000 RPM drives.

Options available are detailed on the following pages.

Standard Features

- * Heavy Duty Cast-Iron Centrifugal Pumps
- * Rugged Steel Frames
- * Heavy Duty 175HP gearbox with expansion chamber
- * Mechanical Shaft Seal
- * Capacities from 250 to 2100 GPM and up to
